JFJV FACT SHEET

Women in Trades

Growth of Women in Trades

Women are joining the trades in growing numbers and launching successful careers, and the number of women who are working in the construction trades in Canada is growing. Over the next 10 years, there will be a need for more than 50,000 workers to replace retirees and meet market demand in British Columbia alone.

YOUR PLACE is with Us!

As the engineering, procurement, and construction (EPC) contractor for the LNG Canada Project. JGC Fluor BC LNG JV (JFJV) has partnered with LNG Canada to offer a unique, custom training program. YOUR PLACE is a tuition-free, 4-week training program to prepare you for a new career and potential job placement on the LNG Canada project. YOUR PLACE was designed to break down barriers by providing:

- Essential safety training and certifications
- Best practices in construction
- Hands-on training in the trades
- Transition from training to potential employment opportunities in entry-level construction positions with JFJV or its subcontractors
- Continued support after graduation to make your apprenticeship journey a success

YOUR PLACE is currently hosting information forums and accepting applications for training sessions.

Who Can Apply

Any woman in British Columbia who is 18 years or older, and meets YOUR PLACE's elegibility criteria, can apply to the program. To apply, attend an information session or learn more about YOUR PLACE, and the application process.

Apprenticeship – No Experience Required

Get started on your career right away!

Many jobs will offer apprenticeship programs, which, depending on the trade, can take from one-to-four years to complete, with most learning in the form of on-the-job training that is reinforced with classroom learning.

JFJV's stated goal is that 25 percent of the total skilled workforce will be apprentices.

Mentoring

JFJV is using Mentorship Matters™, an industry-proven mentorship program, to help foster skill development in the workforce, particularly with apprentices. On-the-job mentoring helps workers learn key skills, establishes best practices, and creates a safer environment.

JGC Fluor BC LNG JV

JFJV will have thousands of job openings over the next few years to help construct the residences, office buildings, gas liquefaction facilities, roads, and a whole lot more.

JGC Fluor BC LNG JV (JFJV) is the prime contractor for the LNG Canada Facility. Over the next several years, we will need thousands of skilled workers — you could be one of them.

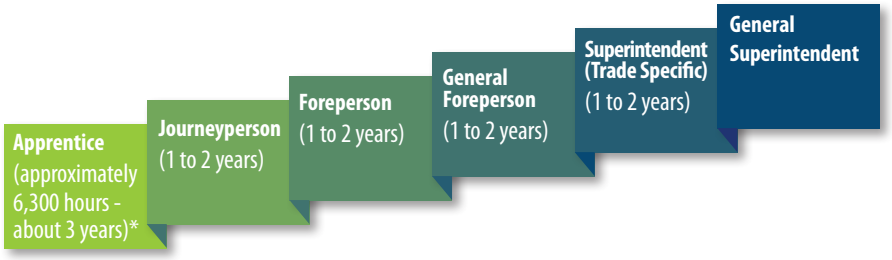

JGC | FLUOR BC LNG JV
PRIME CONTRACTOR TO LNG CANADA

We want people who are not only great at what they do, but who also care to contribute to the Safest Project on Earth.

Good people working together will make this a world-class project and a great place to work.

Join our team!

*varies by trade

Typical Career Advancement Timeline

For more information, visit www. itabc.ca

The project will employ both union and non-union tradespeople, and will need just about every kind of skill imaginable, such as:

Labourers • Carpenters • Cement Masons • Heavy Equipment Operators • Ironworkers • Truck Drivers • Boilermakers • Sheet Metal Workers • Plumbers and Pipefitters • Crane Operators • Electricians • Insulators • Welders • Painters • Warehouse Workers

Inclusive Workspace

Everyone will be welcome to work at an open, safe, and harassment-free site.

The LNG Canada Project is an open work site. All contractors – union and non-union – are welcome to work on the project. JFJV is determined to make this the Safest Project on Earth, and that also means building a positive, diverse, harassment-free work site for everyone.

Local Communities and First Nations

Our goal is to benefit British Columbians and the people who live closest to the project. JFJV is doing everything possible to make that happen, from offering training opportunities to giving preferred hiring status for area residents and local First Nation members.

Start a new career with us!

Contact Us

Community feedback is important to us. If you have a question, concern, or complaint, please contact us by telephone at 250.623.JFJV (5358) or toll-free at 1.888.499.JFJV (5358), by email at **info@jfjvkitimat.com**, or on Facebook at **www.facebook.com/jfjvkitimat**.

We want everyone in the community and on site to feel safe, respected, and work together to build the Safest Project on Earth.
